

Global Government Leader Program GGLP

Program Brief

A program offered by the United Arab Emirates exclusively to governments worldwide, designed in accordance with the leadership competencies of His Highness Sheikh Mohammed bin Rashid, aimed at qualifying and creating a global network of leaders with a future vision and equipped with the necessary leadership skills to achieve the best achievements at both the local and global levels.

Program Objectives

Developing an elite group of global leaders who possess the necessary leadership skills to achieve prosperity for countries worldwide. Enhancing the ability to anticipate the future to keep up with changes and respond to them. Empowering leaders to access continuous learning opportunities. Creating a network of leaders around the world to exchange experiences, transfer knowledge, and share best practices.

Distinctive Features

A program by a select group of local and global partners in the field of leadership to deliver an exceptional experience:
Contribution to strategic projects and innovative challenges to design and develop future solutions.
Building professional relationships with leaders on both local and global levels.
Unparalleled experiences and a forward-looking competency model based on the latest studies in leadership.
Impactful experiences that contribute to transforming your individual lifestyle and enhancing your leadership journey.
